# Who's Got Your Back?

- ▶ Teacher note: This video is “edgy” and may cause discomfort. It is about a young woman who starts the night partying and becomes progressively more drunk and incapacitated resulting in her becoming an easy target for sexual assault. It is 8 minutes in length and just when the viewer becomes really uncomfortable, it stops and changes its direction. The direction it takes is to walk the viewer through the sequence of events and identify key individuals who had the power to intervene and change the outcome.
- ▶ Student viewing - caution the students this video is “edgy” but sends a powerful message about “Who's Got Your Back!”
- ▶ <https://www.youtube.com/watch?v=iUj2OHLAG3w>

# Discussion

- ▶ Who has your back? Are you sure? How do you know? Do you discuss this before you go out?
- ▶ Why don't some people intervene? I.e. her friend when she came to the bathroom and saw her on the dance floor
