# Grad Quotes 2021

**It's time to start thinking about the grad quote you would like to have in your yearbook!**

Think of something that sums you up, illustrates your worldview, or that you would like people to associate with you.

Use lines from movies, books, politicians, historical figures, musicians, or even yourself.

Please give credit to the speaker.

**You will have a limit of 200 characters, which is approximately 38 words.**

Example:

"Life moves pretty fast. If you don't stop to take a look around once in a while, you might miss it." Ferris Bueller

Look for more information in the  newsletter, advisory and by email next week

# Financial Literacy
