

SPRINGBANK COMMUNITY HIGH SCHOOL STUDENT-ATHLETE POLICIES

1. RVSA Code of Conduct must be adhered to at all times.
2. Students are ineligible to play if they have a mark below 50% in ***any*** subject regardless of their academic average. In order to regain eligibility they will enter into an academic contract with the school with a focus on improvement.
3. Any student with attendance issues (unexcused absences, unacceptable level of absences) may be ineligible to compete.
4. Students with previous suspensions from school may be ruled ineligible to compete.
5. Students with a history of issues in the school with prohibited substances (alcohol, drugs etc.) may be ineligible to compete and or accompany the team or any other school group on extended field trips.
6. Students who miss school the day of a game may be unable to compete during that competition.
7. Any issues that arise on the team need to be addressed directly with the coach first. If they continue, the issue needs to be brought to the attention of the Athletic Director and then the administration in that order.
8. It is the ***student's*** responsibility to discuss absences due to athletic competition with their teachers and make arrangements to make it up ***before*** the day of the absence.
