WAIVE PRE-REQUISITE MARK FORM

In order to remain in any class without having earned the *recommended* pre-requisite grade, a student and their family must submit an appeal. Springbank Community High School strives to program students for academic success. One of the ways we accomplish this is through expecting students to achieve at least 60% (Humanities) and 65% (Math/Science) in the pre-requisite course in order to register at the next level.
