Distributed Learning Strategy for Alberta

As a member of Alberta School Councils' Association and e-mail distribution list, I would like to let you know Alberta Education is currently shaping the **Distributed Learning Strategy for Alberta**. If you would like to know more about Distributed Learning and participate as a parent go to <http://www.albertaschoolcouncils.ca/pageDISTRIBUTED%20LEARNING.htm>. I will be participating in this process as a online facilitator and table leader on Nov.4 at the Edmonton site.
